

ConvenientMD has announced they are opening a COVID-19 testing site at Pease International Tradeport.

The push to provide additional testing services is in response to the unmet and growing need to identify COVID-19-positive patients as the virus spreads.

Before visiting the testing site at Pease International Tradeport, patients will first be evaluated at home by a provider using telehealth capabilities. After evaluation, the provider will determine eligibility for testing and refer the patient to the high-volume COVID-19 test site. Anyone in New Hampshire can visit this testing site, and if under 18, a legal guardian must be present at the time of the virtual urgent care service.

From the safety of their home, anyone in New Hampshire can now call 603-570-2800 to schedule a face-to-face virtual urgent care visit with a ConvenientMD provider, who will evaluate and refer them for COVID-19 testing if indicated.

Virtual Urgent Care services and COVID-19 screening and testing when indicated are available at this time from 8 a.m. – 8 p.m., seven days a week. To be evaluated for COVID-19, call 603-570-2800.
