RESPITE SUPPORT

Community Bridges complies with NH Respite Care Standards as mandated in He-M513.

What Is Respite Support?

Respite is defined as **occasional, short-term** care for an individual who is eligible for such support, in or out of the individual's home, for the **temporary** relief and support of his or her primary caregivers.

****Respite support is not to be used for "daycare," and cannot occur while the primary caregivers are working.**

******Allocations usually are made to assist caregivers in receiving an average of 8-10 hours of respite support per month.**

How Are Respite Services Developed?

The primary caregivers identify a respite need and discuss it with their Individual and Family Support Case Manager. The Case Manager will work with the family to identify all possible supports and resources, which may include agency respite funds as needed and as available.

When the Case Manager and the family have determined there is a need for respite and respite has been approved by the Director of Case Management, a Basic Service Agreement will be created. The Individual & Family Support Program Assistant will notify the family by mail. The family will receive The Respite Guide for Families and Family Reimbursement Vouchers.

Families are required to maintain monthly contact and semi-annual face to face meetings with their Case Managers in order to continue receiving respite funds.

Any need for a change in an allocation must be discussed with the Individual and Family Support Case Manager. The Individual and Family Support Case Manager will present the request to the Program Director and the Case Manager will inform the family of the decision.

Who Provides Respite Support?

Respite can be provided by anyone with whom the primary caregivers feel comfortable and whom they believe will provide a safe and enjoyable environment for the individual.

Respite can be provided by:

- neighbors
- relatives (e.g. grandparents, siblings, aunts/uncles, cousins)
- church friends
- friends
- health care workers
- students from local high schools or colleges
- 1:1 school aides
- other staff members from schools or from other agencies

Just as one would search for providers for a child who does not experience a disability, families of children with disabilities may look for their own respite provider from within their natural support system.

Whether support is being sought for a child or an adult, it is always helpful for primary caretakers to ask those they know for ideas regarding people who may be willing to provide respite. Families truly need to network as much as possible in order to develop a strong network.

When interviewing a Respite Provider:

- Verify References
- Ask questions that are pertinent to the individual's and family's needs

It is the responsibility of the primary caregivers to provide all training and information necessary to best support the individual.

Still having trouble finding a respite provider? Here are some **“Helpful Hints:”**

- Contact School Guidance Counselors to connect with responsible students
- Post index cards on high school and college bulletin boards
- Post index cards at Day Care Centers
- Seek guidance from your Case Manager

Here are some incentives for Respite Providers:

- Building relationships
- Community Service
- Experience in a related field
- Extra Cash

Please note:

- The parents/guardians of an individual eligible for reimbursable respite cannot provide “Respite Support”
- The stepparents and/or domestic partners of parents who have a child eligible for reimbursable respite cannot provide “Respite Support.”
- Community Bridges is unable to accept or reimburse a voucher if the parent/guardian, or his/her spouse or domestic partner, is listed as the provider.

Where May Respite Support Occur?

Respite support may take place in many settings; we encourage families to be creative. The setting the family chooses will depend upon the needs of the individual and the family. Respite can occur:

- in the family’s home
- in a community setting
- in the home of a neighbor, relative or friend

How Is The Person Providing Respite Paid?

When families use their own providers:

1. They must negotiate rates and schedule respite support.
2. Families should negotiate a reasonable flat rate for 12 hours or more of respite.
3. Families then pay their own providers directly
4. Families submit Family Reimbursement Request Vouchers to Community Bridges.
5. Community Bridges does not reimburse for expenses other than Respite Support.

Please Note: This amount cannot exceed the total amount of your quarterly allocation. If a family chooses to pay their provider a higher hourly rate, they are responsible for the difference. Please contact your Case Manager or the Individual & Family Support Program Assistant with any questions.

It is the best practice for vouchers to be completed and submitted within seven (7) days after respite occurs. Please refer to Page 2 of the Respite Guide or your Basic Service Agreement for the last acceptable date vouchers can be submitted for the current quarter. Vouchers may be sent in by U.S. mail, hand delivery, fax or email. An electronic version of the voucher can be found at our website at www.communitybridgesnh.org. Click on the Resources tab and choose Family Resources. There you will find the Family Reimbursement Voucher and a copy of the Respite Guide for Families. Follow the instructions to fill out and submit the Voucher:

1. Parent/Guardian enters the name of your family member who received respite support.
2. Parent/Guardian enters the name, address and phone number of the person that provided respite to your family member.
3. Enter the respite dates/times/rate and amount paid for each service date.
4. Respite provider signs the document each time they provide respite service.
5. Parent/Guardian completes the bottom half of the form including signing the form.

Respite is reimbursed on a biweekly basis:

- Respite Vouchers are **due by Noon on Friday (please see the Respite Reimbursement schedule for exact dates of when they are due by)**
- Respite reimbursement checks will be **mailed the following Friday according to the Respite Reimbursement schedule**
- Late respite vouchers (those not received by Noon time on Friday) will not be reimbursed until the next reimbursement period.

If you presently submit your respite vouchers monthly or even quarterly, you can continue to do so. Just know that they will be processed and checks cut according to the schedule below. We've attached a calendar for your reference. Please call your Case Manager or Stacey McCormack if you have any questions about this process change.

Family reimbursement checks are generally mailed out on Fridays. The Business Office does not make checks available for pick up at Community Bridges. Please allow a few days for postal delivery.

PLEASE NOTE:

If there is a holiday in a given week, vouchers must be here by noon on the Thursday before the week with the holiday.
