RESPITE SUPPORT

Community Bridges complies with NH Respite Care Standards as mandated in He-M513.

What Is Respite Support?
Respite is defined as occasional, short-term care for an individual who is eligible for such support, in or out of the individual’s home, for the temporary relief and support of his or her primary caregivers.

**Respite support is not to be used for “daycare,” and cannot occur while the primary caregivers are working. Respite support is coordinated by the family/guardian/caregiver for the individual in which the allocation is approved.**

****Allocations are typically made to assist caregivers in receiving an average of 8-10 hours of respite support per month.

How Are Respite Services Developed?
The primary caregivers identify a respite need and discuss it with their Individual and Family Support Case Manager. The Case Manager will work with the family to identify possible supports and resources, in which it may be determined that agency respite funds are needed if available.

When the Case Manager and the family have determined there is a need for respite, the Case Manager will work with the family to determine if their Medicaid is on and active. Medicaid coverage is required to access Family Respite Funds. Once this is reviewed, the Case Manager will submit a respite request for processing to the Family Support Supervisor. If approved, the request is then submitted to the Business Office for processing and submission to the Bureau of Developmental Services for Prior Authorization approval.
*This process can take up to 65 days from the date the request is submitted to BDS.*
approved, you will receive an amendment in the mail noting the allocation has been approved, the quarterly allocation available, our current respite calendar, as well as vouchers that can be submitted for reimbursement.

Any need for a change in an allocation must be discussed with the Individual and Family Support Case Manager. The Individual and Family Support Case Manager will present the request to the Family Support Supervisor and the Case Manager will inform the family of the decision.

Who Provides Respite Support?
Respite can be provided by anyone with whom the primary caregivers feel comfortable and whom they believe will provide a safe and enjoyable environment for the individual. Families are responsible for seeking their own respite providers, as Community Bridges does not coordinate the hiring of respite staff for Family Respite Allocations.

Respite can be provided by:

- neighbors
- relatives (e.g. grandparents, siblings, aunts/uncles, cousins)
- church friends
- community friends
- health care workers
- students from local high schools or colleges
• 1:1 school aides
• other staff members from schools or from other agencies

Just as one would search for providers for a child who does not experience a disability, families of children with disabilities shall look for their own respite provider from within their natural support system.

Whether support is being sought for a child or an adult, it is always helpful for primary caretakers to ask those they know for ideas regarding people who may be willing to provide respite. Families truly need to network as much as possible in order to develop a strong network.

When interviewing/considering a Respite Provider:

• Verify References
• Ask questions that are pertinent to the individual’s and family’s needs

It is the responsibility of the primary caregivers to provide all training and information necessary to best support the individual.

Still having trouble finding a respite provider? Here are some “Helpful Hints:”

• Contact School Guidance Counselors to connect with responsible students
• Post index cards on high school and college bulletin boards
• Post index cards at Day Care Centers
• Utilize www.care.com to seek a provider
• Let your Case Manager know if you a seeking a provider. They can help support you with ideas and tips on where to consider accessing staff. They can also network internally at the Agency to see if any current staff has a resource.

Here are some incentives for Respite Providers:

• Building relationships
• Community Service
• Experience in a related field
• Extra Cash
Please note:

- The parents/guardians of an individual eligible for reimbursable respite cannot provide “Respite Support”
- The stepparents and/or domestic partners of parents who have a child eligible for reimbursable respite cannot provide “Respite Support.”
- Community Bridges is unable to accept or reimburse a voucher if the parent/guardian, or his/her spouse or domestic partner, is listed as the provider.

Where May Respite Support Occur?
Respite support may take place in many settings; we encourage families to be creative. The setting the family chooses will depend upon the needs of the individual and the family. Respite can occur:

- in the family’s home
- in a community setting
- in the home of a neighbor, relative or friend

How Is The Person Providing Respite Paid?

Families must use their own providers:

1. Families must be transparent about the rate of pay available to their provider.
2. Families then pay their own providers directly once the respite is completed.
3. Families submit Family Reimbursement Request Vouchers to Community Bridges.
4. Once verified that the voucher is filled out in its entirety and submitted within the required timeframe, the voucher will be sent to the Business Office for reimbursement via check.
5. Community Bridges does not reimburse for expenses other than Respite Support.

Please Note: This amount cannot exceed the total amount of your quarterly allocation. If a family chooses to pay their provider a higher hourly rate, they are responsible for the difference.
It is the best practice for vouchers to be completed and submitted within seven (7) days after respite occurs. Please refer to Page 2 of the Respite Guide or your Basic Service Agreement for the last acceptable date vouchers can be submitted for the current quarter. Vouchers may be sent in by U.S. mail, hand delivery, fax or email. An electronic version of the voucher can be found at our website at www.communitybridgesnh.org. Click on the Resources tab and choose Family Resources. There you will find the Family Reimbursement Voucher and a copy of the Respite Guide for Families.

Follow the instructions to fill out and submit the Voucher:

1. Parent/Guardian enters the name of your family member who received respite support.
2. Parent/Guardian enters the name, address and phone number of the person that provided respite to your family member.
3. Enter the respite dates/times/rate and amount paid for each service date.
4. Respite provider signs the document each time they provide respite service.
5. Parent/Guardian completes the bottom half of the form including signing the form.

Respite is reimbursed on a biweekly basis:

- Respite Vouchers are due by Noon on Friday (please see the Respite Reimbursement schedule for exact dates of when they are due by)
- Respite reimbursement checks will be mailed the following Friday according to the Respite Reimbursement schedule
- Late respite vouchers (those not received by Noon time on Friday) will not be reimbursed until the next reimbursement period. If vouchers are submitted outside of the required timeframe for reimbursement, the Agency reserves the right to deny payment due to untimely submission.

If you presently submit your respite vouchers monthly or even quarterly, you can continue to do so. Just know that they will be processed and checks cut according to the schedule below. We’ve attached a calendar for your reference. Please call your Case Manager or Simone Cantatore if you have any questions about this process change.

Family reimbursement checks are generally mailed out on Fridays. The Business Office does not make checks available for pick up at Community Bridges. Please allow a few days for postal delivery.
**PLEASE NOTE:**
If there is a holiday in a given week, vouchers must be here by noon on the Thursday before the week with the holiday.
